Pendant lamp with twisted textile cable and porcelain details - Made in Italy - Bulb included

Finish: White

Light bulb: Without bulb

Descrizione

We created this pendant lamp with some of the most classic components of the Creative-Cables catalogue: ceiling rose and lamp holder in white porcelain and twisted textile cable are perfect for vintage style lovers.

The porcelain, thanks to the presence of kaolin in the mixture, boasts an extraordinarily white colour: the final effect, once fired at high temperature and glazed, is really full and vibrant.

The glossy finish of white porcelain and the twisted textile cable chosen make this ceiling lamp **perfect for decorating retro-inspired environments where vintage elements dominate**: use it in series to light a kitchen counter, or make it stand out as a central lighting point in your living room. Have fun decorating with the light and vintage atmosphere of this unique suspension lamp.

The chandelier is ready to be installed by expert hands and can be purchased **complete with bulb**: we have chosen for you the G125 Golden Globe LED bulb with spiral curved filament for a 100% retro atmosphere, but alternatively you can have a look at our assortment of designer LED bulbs to find the one that best suits your style.

Each Creative-Cables lamp is designed, and assembled in Italy and is tested and CE certified by independent laboratories according to the strictest regulations in force: one more reason for choosing Creative-Cables quality.
