Pendant lamp with textile cable and coloured porcelain details - Made in Italy - Bulb included

Finish: Red

Light bulb: Without bulb

Descrizione

A pop and vibrantly colored ceiling lamp made in Italy with quality materials, perfect for lovers of Color block style!

The porcelain, thanks to the presence of kaolin in the mixture, boasts an extraordinarily white colour, but it can be subsequently coloured: the final effect, once fired at high temperature and glazed, is really full and vibrant.

The **glossy finishes of the coloured porcelain and the matching textile cord that we have chosen for you, make this ceiling lamp the ideal solution to give a touch of colour to your rooms and have fun playing with nuances and shades: choose the brightest finishes to give more brightness to the room, or opt for pastel shades if you want a more subtle result.**

This pendant lamp is perfect for giving personality to a kitchen, giving colour to a dining room or lighting a studio or bedroom.

The chandelier is ready to be installed by expert hands and can be purchased **complete with bulb**: we have chosen for you the A60 Drop LED bulb with curved spiral filament, but alternatively you can have a look at our assortment of

designer LED bulbs to find the one that best suits your style.

Each Creative-Cables lamp is designed, and assembled in Italy and is tested and CE certified by independent laboratories according to the strictest regulations in force: one more reason for choosing Creative-Cables quality.

PLEASE NOTE: Some of the images shown are examples of multiple pendant configurations that can be created by purchasing multiple suspensions. The item for sale is a lighting installation with only ONE pendant.
