Pendant lamp with textile cable, Industrial ceramic lampshade and metal finishes - Made in Italy - Bulb included

Light bulb: Without bulb

Finish: Glossy white

Descrizione

A pendant lamp designed for those looking for an **original lighting solution with a retro design**.

This ceiling lamp is perfect to give a vintage touch to your interior: the Industrial lampshade has a shape that reminds those typical of the enamelled metal lampshades, but is made of ceramic and **hand decorated in Italy**.

The solid-colour enamelled finishes of the Industrial Lampshade will give an extra touch of elegance to your dining room, while the more modern varnishes, such as cement or rust with a corten effect, will give a minimal and industrial design touches to any interior. We recommend you use this pendant lamp to **give a vintage touch to your kitchen counter**, or to complement the retro style of your living room inspired by London's loft atmospheres.

This chandelier is ready to be installed by expert hands and you can buy it already **complete with bulb**: we have chosen for you the LED filament bulb Drop A60 Light bulb that will enhance the brightness of the interior of the shade, but alternatively you can take a look at our assortment of LED design bulbs to find the one that best suits your style.

Each Creative-Cables lamp is designed, and assembled in Italy and is tested and CE certified by independent

laboratories according to the strictest regulations in force: one more reason for choosing Creative-Cables quality.
